Candidate

“Just wanted to thank you on all you have done for me! Amazing! Thanks to your opportunity to work for DD and advising me to apply for a marketing role with them, I am now graduating in Marketing and Advertising Management and moved to Harrow to work for an International cruise and excursions company (ICE) as International Marketing Executive. All thanks to you! Great at your role and supportive all the way through the job search process and after!”

Candidate

“Initially started the process by contacting me with information about the role, all from a CV which I had submitted previously for a different job. This showed me their thorough and proactive work ethic from the start, which over the passing months up until my arrival to the role did not alter. Was sure to help in every aspect of qualifying for the position where needed. Especially when things seemed to slow down with various processes that were out of our control. Their knowledge and advice was greatly welcomed, often logically reassuring my doubts of being unsuccessful for the position. The service they provide is top class and any future clients, I’m sure, will be in the best of hands”.

Candidate

Many thanks to The RPC Group of Companies.

"I was given the chance of a 3 months contract as a Head Chef out here in Nigeria on a lower level to what I used to work but as always I believe if you know your job it will be recognized straight away.

At first, I didn't know if it was the right move as I had a really good job at that time. But I have always gone to places and been promoted within a few weeks due to my dedication to my job. I always like to see what's out there, so I agreed a few weeks down the line and I found myself in Nigeria. After 4 weeks here, I was offered a full contract as the Catering Manager/Camp Boss due to my mass of experience in other remote sites.

I am now working a 6 week on 15 day off rotation in Oil and Gas which will be great for my family and give me a good stepping stone in the future thanks to The RPC Group". Hope you can keep in touch in the future."

Candidate

“My company authorised me to establish a new warehouse and distribution centre in London. I contacted The RPC Group to help me recruit an Operations Manager and a Logistics Specialist. It was a challenging brief because these were not existing positions. I needed people with the initiative to understand the objective of each role and the knowledge to define the scope of their job. Other recruitment agencies had simply sent me a pile of cv’s from people with similar job titles.

By contrast, The RPC Group took the trouble to fully understand my expectations and interviewed potential candidates against the specific requirements. They presented candidates for each role. These candidates were ideally suited and after a brief selection process I recruited both candidates. They proved their ability to do a great job and they are still working with me to develop and expand our business.”
